

## 320g Italyummy Lemon and Ginger Extra Jam – Gluten Free, no Chemical Additives and 70% Fruit

### FLAVOURS, TASTE AND COLOUR

Our artisan Italyummy Lemon and Ginger Extra Jam, prepared by hand, good and genuine as the traditional recipe, has a bright yellow colour, with a compact and tasty pulp thanks to slow cooking and an intense flavour given by fresh citrus fruits which is accompanied by a hint of spiciness given by the ginger. The fruit chosen is of the highest quality and this makes the mixture delicious and enveloping. It is a natural product made only with lemon, ginger and brown sugar.

### DO YOU KNOW...

...why it is called "Extra" jam? It is because our products contain at least 70% fruit and this without having to resort to the use of chemical products such as preservatives or sweeteners. Only brown sugar, lemon juice and pectin are used as a gelling agent.

### USE AS FOLLOW

It can be used to make breakfast on a slice of toast and butter or on rusks but it goes very well on gingerbread cookies. We recommend pairing it with aged cheeses such as Grana Padano, Parmesan, Pecorino, Gorgonzola (blue cheese), Scamorza, Provola, Asiago Vezzena, the Bel Paese. It can also be used as a filling for many desserts, amongst which we invite you to try tarts, soft cakes and goes very well with homemade biscuits.
